

Orange Magic™

Nano-Technological Drain Line Maintainer

PRODUCT DESCRIPTION

Orange Magic was developed to prevent hydrocarbon deposits that build up in drains from becoming a solid. Orange Magic suspends hydrocarbons in a malleable state over long periods of time. Scheduled use of Orange Magic or adding Orange Magic to your cleaning solutions will prevent sudden back-ups and clogs and will minimize your operational downtime.

The accumulation of petroleum and similarly structured organic products become a hardened yet adhesive trap for other contaminants that slows and ultimately clogs drains. Orange Magic chemically breaks down hydrocarbons and organics in general and converts these products into homogenous emulsions that will not harden and consistently flow. Orange Magic also incorporates a nano-particulate that bonds to ferrous and non-ferrous metals, inorganic and organic substrates adding increased lubricity that further ensure a clean, maintenance free and flowing drain. Orange Magic is highly compatible with plastics, metals and mineral substrates.

CHARACTERISTICS

- Biodegradable and 100% Natural
- Non-toxic
- Environmentally friendly
- Residual protection
- Converts hydrocarbons
- Orange aroma
- Compatible

APPLICATIONS

Orange Magic deodorizes and liquefies greases, oils and scum that cause clogging. Add 3 to 4 ounces to each drain and let stand 5 to 10 minutes then flush with hot water. Industrial or commercial applications should use 6 to 10 ounces in a 5 gal pail to clean their floor then pour remaining mop water containing Orange Magic down floor drains to keep them clean and protected.

STORAGE, HANDLING & PACKAGING

Packaging: 32oz., ½-gal, 1-gal, 5-gal, 55-gal, 278-gal

Storage - Keep in sealed container in compliance with all current and local regulations. Shelf Life - 12 months from the date of manufacture if stored as indicated above, unopened in sealed containers.

WARRANTY & DISCLAIMER

The information provided is to be used as a guide and customers should perform their own tests to ensure performance in their application. All data, statements, and recommendations made herein are based upon information we believe to be reliable, but are made without any representation, guarantee or warranty of accuracy. All statements, technical information and recommendations contained herein are based on tests SEI Chemical believes to be reliable, but the accuracy or completeness thereof is not guaranteed. SEI Chemical warrants its products will be free from defects when shipped to customer and should work in a manner consistent with its product data sheets should the products be applied in a commercially acceptable manner as determined by SEI Chemical. SEI Chemical under obligation of this warranty shall be limited to replacement of product that proves to be defective. To obtain replacement product under this warranty, the customer must notify SEI Chemical of the claimed defect within three months after shipment of product to customer. All freight charges for replacement products shall be paid by customer. SEI Chemical shall have no liability for any injury, loss or damage arising out of the use of or the inability to use the products. Before using, user shall determine the suitability of the product for the intended use and assumes all risk and liability whatsoever in connection. No representation or recommendation not contained herein shall have any force or effect unless in a written document signed by an officer of SEI Chemical. The foregoing warranty is exclusive and in lieu of all other warranties expressed or implied. In no case shall SEI Chemical be liable for incidental or consequential damages. Limited warranty for industrial or commercial use only. Keep out of reach of children, keep container tightly closed, not for internal consumption. Consult material safety data sheet before use.
